

**Your window to glorify God in your
closest relationships
1 Peter 3:1-12**

God has given us a prescription for glorifying Him in the context of our closest relationships.

- Remember Christ's example and follow.
- Humbly obey & submit to His plan. Allow Him to form our personal character even when things aren't right.
- Look to Him in Faith, trusting that He will work in others too.

3:1-6) Wives, submit to your husband while seeking a lifestyle of purity, reverence and inner beauty.

Ephesians 5:1-2

V7) Husbands, continue to press into understanding & honoring your wife who is a fellow heir of the grace of life.

If a husband & wife are at an "impasse," one or both have forgotten that Jesus died for them. Anytime we lose sight of this, our marriage relationship is headed for trouble.

V8-12) Christians inherit God's blessing in this life when they choose to actively bless others.
